

## 2007 Scholarship Recipients

Alice Murphy  
Greenbelt, Maryland

### ISI activities:

ISI individual member (9 years)  
ISI professional member (1 year)  
Freestyle 7  
ISI World Championships (2002, 2006)  
ISI competitions (27)  
Production team captain  
Group lesson instructor  
Volunteer

### Scholastic and community activities/achievements:

National, Slavic and French Honor Societies  
People to People Ambassador program to Australia and New Zealand  
Tutor  
Essay, photography and Science Fair award winner  
Kids Enjoy Exercise Now (KEEN) volunteer  
National Geographic assistant translator

Ice skating is an important part of Alice Murphy's life, but it shares the spotlight with another passion: school.

An ice rink was on Alice's priority list when she began her college search — along with Russian, Arabic and a good international relations program. "I have high goals for both my education and my figure skating during college," says Alice, who is studying international relations at Boston University. "Just as ISI tries to bring the world together through skating, I hope

to bring the world together through my future career.”

Alice graduated with honors from Eleanor Roosevelt High School, with a 4.0 grade point average. She has been fascinated with foreign languages since being enrolled in a French immersion school at age 5, which led to her interest in world history and current events. She hopes to go on to a graduate degree, perhaps law school, and work in a field that involves international travel.

A Freestyle 7 skater who has trained and participated at both Herbert Wells Ice Rink and Bowie Ice Arena in Maryland, Alice says she plans to continue with the ISI program as a skater and a coach. “I’m working on my Freestyle 8 test and plan to test through FS 10 while in college, and continue teaching group lessons,” she notes.

Christine Wilson Brinton, the figure skating director at Bowie Ice Arena, says Alice is a prime example of good sportsmanship: “Through her volunteer work at the ice arena, she has become a mentor to many of the younger skaters. And instead of the rivalry you would expect, she is supportive of her competitors and appreciates a good performance, even when it is not her own. I have never been to an event with her where a judge, coach or spectator has not sought us out to compliment not only her skating, but also her kindness and support of other competitors. She has made me a better coach and set a very high bar for her teammates.”

**Stephanie Zastrow**

Forest Lake, Minnesota

ISI activities:

ISI individual member (13 years)

ISI professional member (1 year)

Freestyle 10

ISI World Championships (2000)

ISI competitions (26)

ISI ice shows (16)

Group and private lesson instructor

Volunteer

Scholastic and community activities/achievements:

National Honor Society

National Merit Award

AP honors scholar

State Farm Scholastic Honors Team

President's Excellence Award

All-American Scholar

State Fair Grand Champion (Education Dept.)

University of Minnesota Northern Stars Leader

Math and English tutor

ISI began teaching Stephanie Zastrow life lessons the first time she stepped on the ice at age 6, she recalls: "I learned to bounce back quickly after making mistakes and to deal with my mistakes instead of leaving them to become more difficult to handle. With the help of good coaches, ISI gave me a solid foundation for my skating and instilled the attitude in me that skating and working hard can and should be fun."

Stephanie has successfully transferred those valuable lessons to other aspects of her life, particularly academics. For instance, she learned from skating that, in order to succeed in academics, she had to put in time and effort on homework, prepare well for tests and fully understand all the material being covered. It was a strategy that paid off: Stephanie graduated from Forest Lake Senior High School first in her class of 582, with a perfect 4.0 grade point average.

Stephanie's calculus teacher, Larry Matzdorf, was impressed not only with her academic excellence, but also her healthy, mature approach to learning. "When things have gone wrong in class, Stephanie has never made an excuse or blamed others," he says. "She meets the conflict head on. She will ask questions and rethink the concept. She realizes that understanding the concept will be to her advantage later on down the road. She has challenged herself with the classes she has taken.

Fewer than 30 skaters in ISI history have passed the rigorous Freestyle 10 test, but Stephanie joined those ranks in 2004 at the age of 15. She has skated at the White Bear Lake Sports Center for 12 years, where she has been an active ISI participant and a group and private lesson instructor. She has been a guest skater at multiple ice shows throughout the state of Minnesota, and is the 2007 Upper Great Lakes regional senior ladies bronze medalist and a five-time Minnesota state champion at the juvenile, intermediate, novice and junior levels.

Stephanie is studying mechanical engineering in the University of Minnesota Institute of Technology honors program and wants to become an orthodontist
