

The Edge Competition Management Software- System Requirements

Pentium dual core or higher,

1 gigabytes of memory,

1 gigabytes of hard disk space,

SVGA at 1024 x 768 or better,

Windows 7 or higher.

Placement Manager - Android Smart Phone 2.3 or higher.

Wireless Judging - Android Tablet 3.1 or higher, 7" recommended.

Note: The tablet applications are designed to work on 'true' Android devices, not tablets that are Android compatible. Although they may function you are taking a chance. Tablets like the Kindle use the Fire operating system, not the Android. Be wary of these devices.
